

Spring Fashions In Men's Clothes

The new spring fashions in men's suits have been received and they embrace a large range of decidedly new and different models—all of the coats being much longer than heretofore, and instead of being loose as they have been for a number of seasons, the coats are form fitting with extremely wide lapels and collars.

The Fancy Worsteds

seem to lead the fabrics, and our spring line of men's suits shows an exceedingly large variety of snappy, tasty designs—all substantially tailored in the models that will be most in vogue for the coming spring.

Kaufman-made—This line includes the highly fashionable fancy worsteds in a dozen or more stylish patterns, made up in a high class manner—all cut in the new models, 31-inch coats, \$10 to \$15.

Adler-made—This remarkable line of ready-made clothes is equal to the high class merchant tailored garments—and the prices are much less—the variety embraces many designs in fancy worsteds—\$15 to \$25.

Remedy.

“I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs,” says Hon. John Shenick, 220 So. Peoria St., Chicago. “Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council.” This remedy is for sale by Wm. Comstock & Son.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: “Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles.” Guaranteed by Wm. Comstock & Son, druggists. Price 50c and \$1.00. Trial bottle free.
